

PRYME[®]

SPM-3300 SERIES 3-WIRE SURVEILLANCE KIT

For versatility in true surveillance applications, it is hard to beat PRYME's 3-wire audio accessories. These kits are easier to use and conceal under clothing because each component of the kit (earphone, microphone and Push-to-Talk) is connected to the 2-way radio via a separate cable. This allows you to stay in contact without drawing too much attention to your radio.
